Company: Trend Nation, LLC www.TrendNation.com

Location: Headquartered in Las Vegas, NV (Temporarily Partially Remote) Las Vegas, NV residence strongly preferred

Sales Channels: Amazon, Walmart, Target, eBay, and company-owned websites

COMPANY OVERVIEW:

Founded in 2007, Trend Nation is a multi-brand e-commerce platform that has developed over eight leading multi-million-dollar private label consumer brands. We began as an exclusive Amazon retail partner for popular brands including Tommy Hilfiger, Tumi, and Calvin Klein and have since established ourselves amongst the most experienced sellers of private label consumer goods on marketplaces including Amazon, Walmart, and Target.

Building on our track record of successful brand development and funded by tech entrepreneurs who have created billion-dollar enterprises, Trend Nation is gearing up to rapidly gain share in the Amazon marketplace. We are seeking an ambitious, data-oriented, and results-driven individual to join our team as the Chief Financial Officer. This role will be responsible for directing and overseeing Trend Nation's financial planning and management and establishing continuity throughout Trend Nation's daily operations, cross-company initiatives, overall company strategy, and financial results.

This is an exciting and challenging role for the right candidate and is a unique opportunity to be a critical leader in a fast-growing company.

- Develop and own business unit forecasting models.
- Oversee and analyze business unit and business function performance by tracking industry-standard KPIs.
- Assist with financial analysis of potential acquisition opportunities.
- Live Trend Nation's core values.
- Test products, including wearable items, and provide feedback to any department requesting it.

Preferred Qualifications:

- Bachelor's degree in Finance, Accounting, Business Analytics, or similar field.
- Strong analytical, data-driven skills with the ability to collect, organize, analyze and disseminate significant amounts of information with attention to detail and accuracy.
- 2+ years of work experience in financial or data analysis.
- 2+ years of data visualization/business intelligence experience.
- Expert level Microsoft Excel experience (advanced modeling a must-have, VBA a plus).
- Experience with PowerBI or other business intelligence systems is a plus.
- Must bring a process improvement and value creation mindset to the role.
- Tremendous work ethic and ability to work independently and within a team environment.

Compensation:

- Salary based on experience
- 401k, bonus program, medical and dental insurance reimbursement and many more benefits
