

Senior Software Engineer

Company: Trend Nation, LLC www.TrendNation.com

Location: Las Vegas, NV

Sales Channels: Amazon, Walmart, Target, eBay, and company-owned websites

Company Overview:

Founded in 2007, Trend Nation is a multi-brand e-commerce platform that has developed over eight leading multi-million-dollar private label consumer brands. We began as an exclusive Amazon retail partner for popular brands including Tommy Hilfiger, Tumi, and Calvin Klein and have since established ourselves amongst the most experienced sellers of private label consumer goods on marketplaces including Amazon, Walmart, and Target.

Building on our track record of successful brand development and funded by tech entrepreneurs who have created billion-dollar enterprises, Trend Nation is gearing up to rapidly gain share in the Amazon marketplace. We are seeking an ambitious, data-oriented and results-driven individual to join our team. This is an exciting and challenging role for the right candidate and is a unique opportunity to be involved in a fast-growing company.

Trend Nation is a fast-growing e-commerce retailer that owns and operates numerous niche e-commerce brands and excels on marketplace platforms including Amazon, Target, eBay and Walmart. Our two largest product assortments are spread between clothing and accessory items and patio lawn and garden products. Over the past decade the company has been recognized as one of the top Amazon & Walmart private label marketplace partners. Our passion is bringing fun and functional products to life and delighting our customers with great value. With over 2,000 products and over 5 million delighted customers, Trend Nation is a fun, fast-paced work environment that recognizes its employees with monthly teambuilding activities, regular company-wide celebrations, and a comprehensive benefits package.
